Bernard and David Laxer, Owners, Bern's Steak House

From the perfectly aged cut of beef to the fully matured bottle of wine, Bern's Steak House owner Bernard Laxer makes it his mission to bring his customers nothing but pure perfection. For more than 30 years, he has been devoted to ensuring that each dining experience at Bern's is memorable, and through his son David Laxer, that legacy continues. Dedicated to every detail, the Laxers provide only the finest for their customers, from the world's largest wine selection to artful steaks and a decadent dessert room.

Their commitment to extraordinary service and to accommodating the preferences of all their customers is one of the reasons that Bern's participates in The Accommodation Program, and displays its symbol. It means that all their customers - nonsmokers and smokers alike - will be accommodated. For more information about The Accommodation Program and a list of participating establishments in Florida, please call 1-800-335-8444.
